

Reports to: Governing Board

Responsibilities: ATCAVE is Connecticut's premier water supply event. Responsibilities include planning, registration & coordination of the vendor exhibits, sponsorship & booth placement. Coordinating with the Program Committee on the ATCAVE technical program, DPH approval process, and attendee registration. Day of management of the event including attendance check in/out, and vendor floor management.

What a tremendous turnout for the 2026 Annual Technical Conference & Vendor Exposition (ATCAVE) held on March 3 at the Aqua Turf Club. With more than 800 attendees and 70 vendors participating, ATCAVE once again proved to be Connecticut's premier water industry event.

The vendor exposition showcased the latest products, services, and technologies supporting today's water industry, while the ever-popular vendor raffle awarded more than 30 prizes to attendees throughout the day. Vendors also enjoyed a networking reception the evening prior and breakfast the morning of the conference.

A sincere thank you to our sponsors for their continued support of CTAWWA and ATCAVE: Snyder Civil, H2M Architects & Engineers, Core & Main, Weston & Sampson, G.L. Lyons Associates, Tighe & Bond, Harper Haines Fluid Control, Apex, GZA, Kleinfelder, Wright-Pierce, Ferguson, Statewide Aquastore, Arcadis, and Blake Equipment.

ATCAVE 2026 also featured a strong full-day technical program with educational tracks in Water Supply & Treatment, Distribution & Storage, and Management. Special thanks to the Education & Program Committee led by Stephen Rupar and Jennifer Reynolds, along with the program subcommittee, for organizing a diverse lineup of presentations from more than 34 industry speakers. Regulatory updates were provided by Chris Roy and staff from the Connecticut Department of Public Health Drinking Water Section, with operators earning Training Contact Hours throughout the event.

The CTAWWA Young Professionals Committee also hosted the Fresh Ideas Competition, and congratulations to Megan Olson (Tighe & Bond), who will represent CTAWWA at ACE in Washington, DC.

A heartfelt thank you to all moderators, volunteers, judges, committees, Section Enhancers, and the CTAWWA Board of Directors whose hard work made this event such a success. We appreciate everyone who attended and helped make ATCAVE 2026 another outstanding conference for the water community.
