

Hello Fellow Waterworks Professionals,

For those of you who committed to be a CTAWWA Section Enhancer in 2025 please accept the Associates Committee's sincere gratitude for your participation and contributions! For those who did not, here is your chance to be recognized amongst your peers as an Enhancer, directly contributing to our industry's current and future progress! As an Enhancer, you are welcomed into a dynamic group of water professionals committed to serving our industry and our communities.

The Associates Committee administers the Enhancer Program, representing the Manufacturer, Supplier, Consultant, Contractor members of the CTAWWA Section. Enhancers are highlighted at every event, with each firm receiving recognition for their dedication to the CTAWWA Section. Furthermore, we strongly encourage our utility members to support our Enhancer companies.

The Enhancer Program benefits several important CTAWWA Section activities and programs. Specifically, your contribution as an Enhancer supports the following:

- The Associates Committee Scholarship program
- CTAWWA Young Professionals Committee
- Donation to benefit the CTAWWA Philanthropic Committee
- Wednesday Luncheon and Guest Speaker for the CTAWWA Annual Conference
- Gift to all attendees of the CTAWWA Annual Conference

The contributions of the Enhancers are highly visible and greatly appreciated by all members of the CTAWWA Section. In particular, the Associates Committee Scholarship program is a significant benefit made possible by the Enhancers, providing opportunities to CTAWWA Section members and their families pursuing higher education. This past May, 14 scholarships totaling \$14,800 were awarded to deserving college students, including the Kevin T. Walsh scholarship that is awarded to a meritorious student in the Water Management Program at Gateway College or Goodwin College. This Scholarship program is an important and meaningful investment in the future of our industry.

The Associates Committee welcomes your participation as an Enhancer. Moreover, we welcome all Enhancers to further the benefit of their involvement by becoming active members of the Associates Committee. The Associates Committee meets once a month, feel free to contact me directly regarding our current meeting schedule. We would love to see you!

Our 2026 Section Enhancer application is attached. We welcome you to join-in and be recognized for your support of the Connecticut Section of the AWWA!

Please support the future by supporting the present.

Sincerely,

Neil Kulikauskas, PE
Chair, Associates Committee
Connecticut Section, AWWA
